

# VOLTAIRE F1 (V.31)

## Vilmorin Variety- Green or White Asparagus

- Clonal Hybrid - 100% Male
- High production of high quality spears

### DESCRIPTION

#### PLANT

- Vigorous plant
- Tall plant habit

#### SPEARS

- Excellent quality: straight with well closed and tight tips
- Medium to large size

#### HARVEST

- Particularly suitable for green spears
- High yield potential
- Very early
- High total yield

#### ADAPTATION

- Temperate climates
- Versatile variety
- Good performances in any soil or production system

#### RESISTANCES

- HR: **Stemphylium (Purple Spot)**
- IR: **Rust**

HR: High Resistance - IR: Intermediate Resistance. The genetic resistances are not dispensed from prophylactic measures to be used as an addition. Our recommendations, suggestions, growing cycles and maturity information are only indicative and based on our own observations and our general experience. They are not contractual and they do not necessarily imply a successful harvest and/or result. The success of the cultivation also depends on factors non-related with the seed.
